Specification	IP-digi1
Measuring range	±90°
Reasolution	0.001°
Accuracy	±0.01°
Reproducibility	±0.003°
Temperature range	0-100°C
Temperature resolution	0.1°C
T.Control model	----
T.Control range	----
T.Control accuracy	----
Sensitivity	Min0.5%
Prism	polymer
Light source	LED , 100000 hours
Wavelength	589nm
Measuring mode	Optical rotation , Specific rotation , Concentration , International sugar scale
Sample chamber	up to 200mm
Interface	RS232, USB
Display	8 inch touch screen,color LCD
Database	4000 groups data
Ordering Information	
Order number	85001610
N.W./G.W.	28kg / 30kg
Dimension(L*W*H)	72*37*24cm
With packing dimension	88*59*42cm
Configuration	POL-3 polarimeter 200mm*1(glass tube) 100mm*1(glass tube) 4G USB flash
